

Department of Conservation and Recreation Beaches Site-Guide

ALL EVENTS MUST FINISH BEFORE SUNSET

*A tidal beach is one whose beach availability is strictly dependent on the tide. Tidal beaches have less availability, because they are frequently fully submerged. If you are interested in using a tidal beach, you need to ensure that your event does not take place during high-tide.

Beach	Bath-rooms	Bath-house	Easily accessible on the MBTA?	Parking	Lifeguard on Duty	ADA Materials	*Tidal Beach	Site-Supervisor
